PALNET is the pallet business built by pallet professionals. We are both buyers and sellers with more than 120 years of combined experience working in the trenches. So, when we started the company, we fully understood the industry's good, bad and ugly. We took the best and left out the rest.

Innovation

PALNET has changed the way the pallet business does business. We've introduced new levels of accuracy and accountability. We've created new systems such as Accu-Track and Accu-Count for 24/7 auditing and logistics management. We offer total asset and logistics management to help you reappraise and reconfigure your shipping options so you can boost your bottom line and your peace of mind.

Responsibility

PALNET is a strong and vocal proponent of corporate social responsibility. We adhere to the highest employment standards. All employees are screened to ensure they are eligible for employment.

We truly value our team and offer a safe workplace with opportunities for advancement.

Sustainability

We are serious about sustainability. We support environmentally conscious business practices and incorporate the four "R's" of sustainability into everything we do. Recycling, repairing, reusing, and reducing waste are key components of our business and we are committed to helping each of our customers and business partners operate a sustainable supply chain.

PALNET ADVANTAGE

At PALNET, we live and breathe pallets, logistics, and sustainability. Our decades of experience can help you and your team develop solutions that reduce your costs, turn your waste into revenue, and make your job easier—all while shrinking your carbon footprint. We call it the PALNET Advantage, and it can take your business to the next level.

Our products and services include
